SIMPLIFYING RECRUITMENT

# EMPLOYER INTRODUCTION

# ***We're trying to create free talent pools for Western Sydney Local employers.***

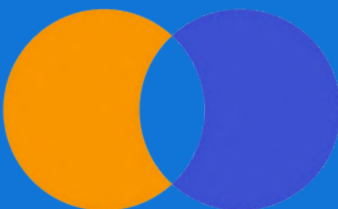

We're a Westie Job Network.

We are an online tool for sourcing candidates from **diverse channels, from the local community.**

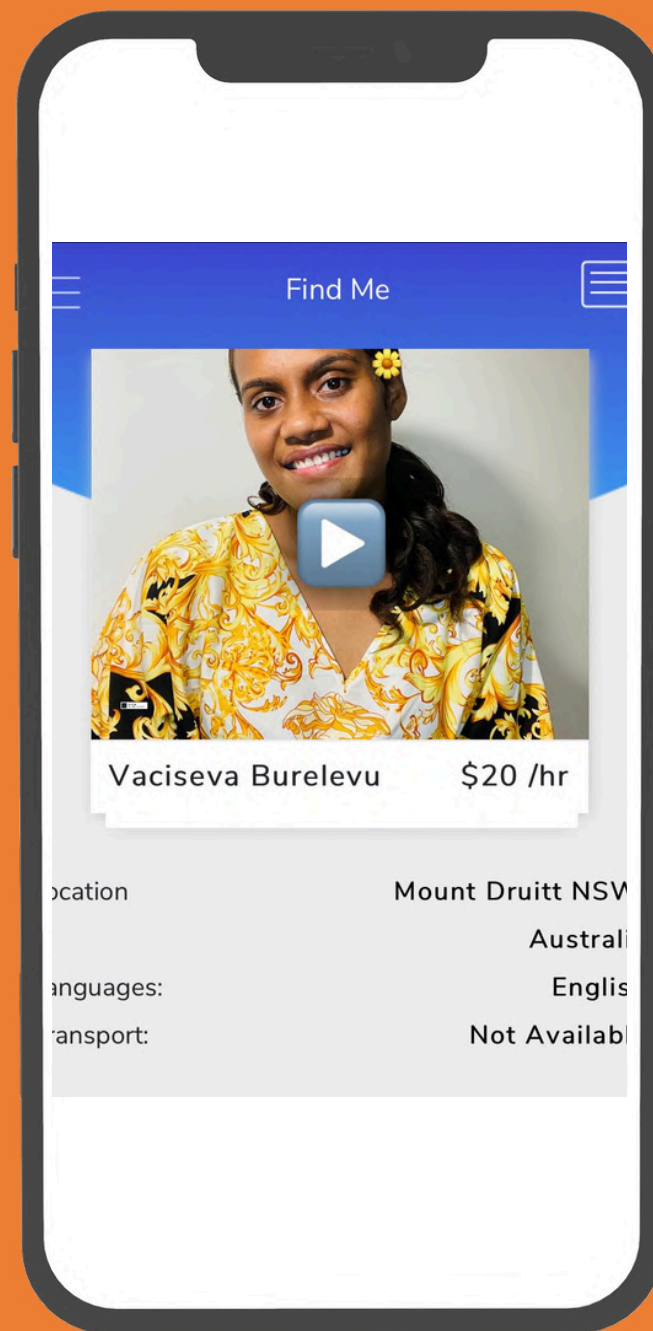

Our focus is anyone not on LinkedIn. It is ideal for blue collar, and entry level professional positions.

We're a community funded social enterprise...we're **FREE**. No strings attached.

Simplifying Recruitment by reducing cost of sourcing, time to hire, and number of bad interviews.
